1. With every passing year, how my future's growing small

Feels like I'm losing time and the chance to have it all

Stay in my recliner —lazy, full of fear

Give up — on my dreams that seem too tall

2. But when I think that I've reached the frayed end of my rope

Then, I remember all of the times I've learned to cope

Despair growing dimmer

Faith like a beginner

A light and a glimmer of hope

**Bridge:** Hope is like a vision for the next small step to take

Giving motivation for a goal

Small seeds of a thought that show the possibilities

A joy and a passion for my soul

3. No, I won't look at life through a narrow microscope

Just listen for the courage to climb the steepest slope

Despair growing dimmer, faith like a beginner

A light and a glimmer of hope

Despair growing dimmer, I could be a winner — a light and a glimmer of hope.
